# SEXUAL MISCONDUCT POLICY

Chief Dull Knife College is committed to eliminating sexual misconduct in all forms and will take appropriate remedial action against any individual found responsible for acts in violation of this policy. Acts of sexual violence may also constitute violations of tribal (Title 7: 7-4-7) or civil law, that may require separate proceedings. To further its commitment against sexual violence, Chief Dull Knife College provides reporting options, an investigative and disciplinary process, and prevention training or other related services as appropriate.

## **Application of policy to students, employees, and others.**

This policy applies to all Chief Dull Knife College students and employees and to others, as appropriate, where incidents of sexual misconduct on college property have been reported. Reports of sexual misconduct committed on college property by individuals who are not students or employees are subject to appropriate actions by CDKC, including, but not limited to, pursuing criminal or civil action against them.

## **Definitions.**

The following definitions apply to this Policy and Procedure.

**Sexual Misconduct.** Sexual misconduct includes a continuum of conduct that includes sexual assault, non-forcible sex acts, dating and relationship violence, stalking, as well as aiding acts of sexual misconduct.

**Sexual assault.** "Sexual assault" means an actual, attempted, or threatened sexual act with another person without that person's consent. Sexual assault is often a criminal act that can be prosecuted under Tribal law, as well as form the basis for discipline under CDKC student conduct codes and employee disciplinary standards. Sexual assault includes but is not limited to:

1. Involvement without consent in any sexual act in which there is force, expressed or implied, or use of duress or deception upon the victim. Forced sexual intercourse is included in this definition, as are the acts commonly referred to as "date rape" or "acquaintance rape." This definition also includes the coercing, forcing, or attempting to coerce or force sexual intercourse or a sexual act on another.
2. Involvement in any sexual act when the victim is unable to give consent.
3. Intentional and unwelcome touching, or coercing, forcing, or attempting to coerce or force another to touch a person's intimate parts (defined as primary genital area, groin, inner thigh, buttocks, or breast).
4. Offensive sexual behavior that is directed at another such as indecent exposure or voyeurism.

Dating and relationship violence. Dating and relationship violence includes physical harm or abuse, and threats of physical harm or abuse, arising out of a personal intimate relationship. This misconduct also may be called domestic abuse or spousal/partner abuse and may be subject to criminal prosecution.

Stalking. Stalking is conduct directed at a specific person that is unwanted, unwelcome, or unreciprocated and that would cause a reasonable person to fear for her or his safety or the safety of others or to suffer substantial emotional distress.

Consent. Consent is informed, freely given and mutually understood. If coercion, intimidation, threats, and/or physical force are used, there is no consent. If the complainant is mentally or physically incapacitated or impaired so that the complainant cannot understand the fact, nature, or extent of the sexual situation, there is no consent; this includes conditions due to alcohol or drug consumption, or being asleep or unconscious. Silence does not necessarily constitute consent, and past consent of sexual activities does not imply ongoing future consent. Whether the respondent has taken advantage of a position of influence over the complainant may be a factor in determining consent.

Non-forcible sex acts. Non-forcible acts include unlawful sexual acts where consent is not relevant, such as sexual contact with an individual under the statutory age of consent, as defined by state or tribal law.

College property. "College property" means the facilities and land owned, leased, or under the primary control of Chief Dull Knife College

Employee. "Employee" means any individual employed by Chief Dull Knife College, including student workers.

Student. The term "student" includes all persons who:

1. Are enrolled in one or more courses, either credit or non-credit, through a college or university;
2. Withdraw, transfer or graduate, after an alleged violation of the student conduct code;
3. Are not officially enrolled for a particular term but who have a continuing relationship with the college; or
4. Have been notified of their acceptance for admission or have initiated the process of application for admission or financial aid.

## **Reporting Incidents of Sexual Misconduct**

### Prompt reporting encouraged

Complainants of sexual violence may report incidents at any time, but are strongly

I

encouraged to make reports promptly in order to best preserve evidence for a potential legal or disciplinary proceeding.

Complainants are strongly encouraged to report incidents of sexual misconduct/violence to law enforcement for the location where the incident occurred. Complainants are also encouraged to contact the local victim/survivor services office, counseling and health care providers, campus Title IX coordinators, or CDKC campus security officer for appropriate action.

#### Assistance in reporting

When informed of an alleged incident of sexual violence, all CDKC students and employees are urged to encourage and assist complainants, as needed, to report the incident to local law enforcement, local victim/survivor services, campus Title IX coordinator, or campus security authorities.

The college security officer, when informed of an alleged incident of sexual misconduct/violence, shall promptly assist the complainant, as requested, including providing guidance in filing complaints with outside agencies, such as law enforcement; obtaining appropriate assistance from victim/survivor services or medical treatment professionals; and filing a complaint with campus officials responsible for enforcing the student conduct code or employee conduct standards.

When appropriate, Chief Dull Knife College may pursue legal action against a respondent, including, but not limited to, trespass or restraining orders, in addition to disciplinary action under the applicable student or employee conduct standard. CDKC may take actions it deems necessary or appropriate in response to all protection, restraining, or no-contact orders.

#### Required reports

The college security officer or any college employee with supervisory or student-advising responsibility who has been informed of an alleged incident of sexual violence shall follow college procedures for making a report for the annual crime statistics report. In addition, the campus security officer shall report to other school officials, as appropriate, such as the Dean of Student Affairs, and/or the designated Title IX compliance coordinator, in order to initiate any applicable investigative or other resolution procedures.

The college security officer may be obligated to report to law enforcement the fact that a sexual assault has occurred, but the name of or other personally identifiable information about the complainant will be provided only with the consent of the complainant, except as may be required or permitted by law.
